

**Statewide Articulation Agreement Between  
The Tennessee Community Colleges and  
The Tennessee Colleges of Applied Technology  
For the Period of Fall 2018 through Spring 2021  
For the Program Area: Aviation**

The Tennessee community colleges hereinafter referred to as the "CC(s)" and the Tennessee colleges of applied technology hereinafter referred to as the "TCAT(s)" have entered into a statewide partnership which promotes student transfer and program articulation. The partnership is for the purpose of providing eligible TCAT students the opportunity to receive college credit upon successful completion of a qualified program at a TCAT and by earning recognized industry certification(s) as identified in "APPENDIX A."

**OVERVIEW**

In accordance with the guidelines set forth by the Tennessee Board of Regents (TBR), the Tennessee Higher Education Commission (THEC), and the procedures established by the individual CCs, we hereby enter into this Agreement to provide the eligible TCAT students the opportunity to receive college credit upon successful completion of a qualified program at a TCAT and by earning recognized industry certification(s) as identified in "APPENDIX A."

The CCs determine awarded credits based upon the certification earned.

1. TCATs will indicate on student transcripts the specific coursework completed and certifications taken and passed (if known).
2. When evaluating student transcripts, the CC will award credit based on certifications identified in "APPENDIX A."
3. In addition, CCs may also evaluate transcripts on a course-by-course basis.
4. Pre-requisite courses must be considered prior to accepting credit via this agreement.
5. Students must meet the standards and follow the procedures of the individual CC catalog for the year they enrolled in the articulated course/program or follow the current year CC catalog.
6. The awarding of any nontraditional credit (e.g. CLEP, AP credit-by-exam, military services, etc.) may be granted for coursework not identified in "APPENDIX A."
7. Upon an institution's request this agreement will be reviewed.
8. This agreement will remain in effect until modified or rescinded by the duly authorized signatories thereof.
9. The CCs and the TCATs shall:
  - a. Designate a responsible party to provide oversight of details and disseminate general program information to students.
  - b. Determine course(s) to award credit based upon recommendation of content faculty.
  - c. Agree to review every three years the certifications/courses and Student Learning Outcomes for which college credit will be awarded.
  - d. Create an advisory committee to provide perspective to the program regarding the effective coordination between the individual CC(s) and TCAT(s). The advisory committee shall consist of representatives from both the CC(s) and the TCAT(s). The advisory committee shall converse and report annually to their respective boards.
10. This agreement will commence the semester following the signing thereof.

**Statewide Articulation Agreement Between  
The Tennessee Community Colleges and  
The Tennessee Colleges of Applied Technology  
For the Period of Fall 2018 through Spring 2021  
Program Area: Aviation Technology**

**APPENDIX A**

Awarding of College Credit to Aviation Maintenance Technology graduates of Tennessee Colleges of Technology to the A.A.S. in Aviation Technology

<b>Course Title</b>	<b>Credit Hours</b>	
AVIT 1300 – Introduction to Aviation	3	*
AVIT 1310 – Aviation Systems—Quality & Inspection	3	*
AVIT 1320 – Aviation Systems—Structures	3	*
AVIT 1410 – Aviation Systems—Mechanical	4	*
AVIT 1420 – Aviation Systems—Electrical	4	*
AVIT 1430 – Aviation Systems—Maintenance	4	*
AVIT 1440 – Aviation Systems—Electronics	4	*
AVIT 1450 – Aviation Systems—Hydraulics	4	*
AVIT 2310 – Aviation Fundamentals I	3	*
AVIT 2410 – Aviation Fundamentals II	4	*
AVIT 2420 – Aviation Fundamentals III	4	*
Total credit hours available to earn	40	

\* Students earn these credit hour(s) as they enter the program with the following being true:

- Proof of graduation from a Federal Aviation Administration (FAA) accredited program in Aviation Technology (or equivalently named program) in good standing at the time of graduation.
- Proof of current Federal Aviation Administration (FAA) certification in Airframe and/or Power Plant
